PARAMOUNT COLLECTOR

DECEMBER, 1978

A Last Chance Opportunity?

In the September *Paramount Collector*, we had a special offering of 1921 Peace dollars. To say we received a large number of orders is an understatement. We were swamped! And of the sixty coins we had available, only seven MS-60+ specimens remain. For those of you who missed the opportunity to acquire one of these beautiful original toned mint state dollars, we are allowing you a *second chance!* While they remain, you may still acquire one of these choice, above average strike dollars for only $350.

Since only a little over a million of these coins were struck in December 1921, few were saved at that time by collectors. Their scarcity is well known but can best be amplified by these quotes from leading silver dollar books:

"As the first year of issue and because of their desirable high relief, well-struck 1921 Peace dollars are very much in demand."

An Analysis of Morgan and Peace Dollars
by Wayne Miller

"This issue grew by 1350% in the 14 years between 1961 and 1975 . . . the 1921 issue is climbing away from the Peace dollar series average performance."

Silver Dollar Encyclopedia
Jim Osbon

"Highly recommended in Choice B.U. condition with average strike. A fully-struck coin is recommended to the more knowledgeable buyer . . . (Very Underrated)."

Silver Dollar Fortune-Telling
Les and Sue Fox

YOU MUST BE PLEASED! Order now as this offer is certainly going to be one of the most popular offerings of the season.

The King of Currency Errors
— A $30 Bill

A Gem Uncirculated example of the undisputed king of all currency errors has just been discovered by Paramount's rare currency buyer. This error is the famed Double Denomination note; *the obverse is that of a twenty dollar bill while the reverse is that of a ten dollar bill!*

The chance of this dramatic error occurring and escaping the Bureau of Engraving and Printing is infinitesimal; literally one chance in millions. But somewhere along the line, an inspection machine failed or human error occurred and this note was released.

Neither the value, desirability nor scarcity of this Double Denomination error note can be denied! Among currency errors, it is the undisputed KING. No other error comes anywhere near.

Advanced collectors, and even dealers, may spend a lifetime without even seeing a Double Denomination note. That is why we consider ourselves extremely fortunate to have acquired the Gem Uncirculated specimen shown in the photograph above. It is a 1974 series note from the Federal Reserve Bank of Dallas, Texas — a Gem in all respects.

ONLY ONE NOTE IS AVAILABLE! Not for the faint of heart, this note is destined to be placed in the personal collection of a serious United States currency buyer. If you are that person, call us immediately to reserve this note in your name. A delay of even an hour could mean additional years of searching before you locate a comparable specimen.

Order now.

We have the coin if . . .

We have the coin if . . .

. . . you are the type of collector who knows the value of quality.

. . . you demand only the finest.

. . . you are willing to pay a little extra for that "right" coin.

. . . you appreciate the beauty of a fully struck Standing Liberty quarter.

Because of their high relief, Standing Liberty quarters are often found woefully weak. Whenever nicely struck specimens are found, they invariably bring a premium price because the demand is *very strong*. Experienced collectors and dealers know the true scarcity of these well struck pieces. **Well struck Standing Liberty quarters just cannot be easily found!**

Our rare coin buyers attend literally dozens and dozens of coin conventions each year. At each, there are a few specific items they *always* search for. One item is well struck Standing Liberty quarters. Fortunately, their persistent searching paid off. At a recent convention, they were able to acquire a very small number of lustrous Mint State 65 *full head* Standing Liberty quarters! These beautiful coins are now ready for *immediate purchase.*

When we describe these coins as full head, we mean FULL HEAD! The hairline along Liberty's brow is complete, her ear is evident and the leaves in her hair visible. Without question, these coins are beautiful!

In today's fast moving market, these full head quarters are certain to sell quickly. After all, there is no substitute for quality. If you are the type of collector who demands the finest, then these coins are for you! Place your order **NOW.**

SILVER DOLLAR SPECIAL

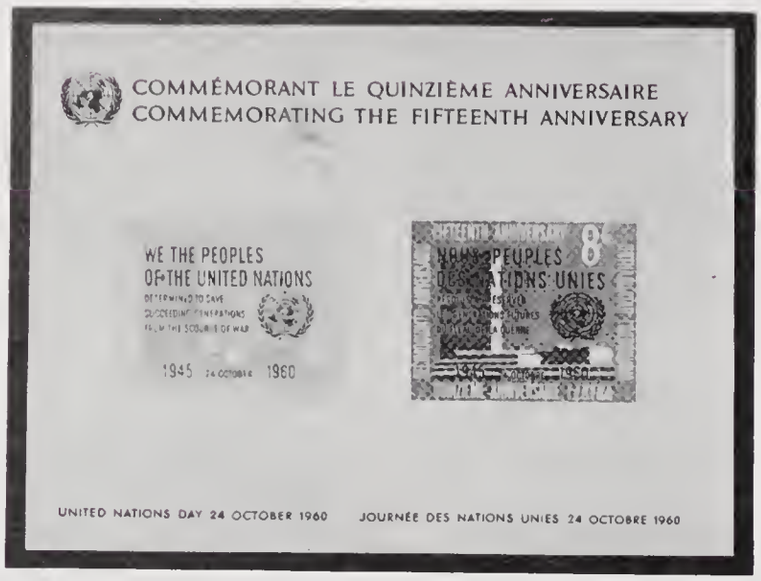
At almost every coin convention we attend, we invariably hear someone voice the opinion that sooner or later, the *minimum* price *any* mint state Morgan or Peace dollar will sell for is $20. Naturally, that is just an opinion and no one can say for certain how silver dollars will perform in the future. But one fact *is* certain; after many months of strong performance and rising values, mint state silver dollars still continue to be perhaps the most popular series among collectors and investors! Many so-called "common dates" have broken loose and are proving to be anything but common as long-time supplies begin to disappear. Yet, in all this activity, *you* can still acquire a brilliant mint state silver dollar for an average cost of less than $10 per coin!

Paramount recently acquired the better part of a bag of 1923 Peace dollars. For this month only, and only while quantities remain, you may acquire five (5) of these Peace dollars for only $49 — that's an average cost of only $9.80 per coin! Orders will be filled with dollars "as they come" from the bag. Minimum grade will be Mint State 60 or better.

Better hurry! In today's fast-paced silver dollar market, we expect these 1923 Peace dollars to go fast.

Five (5) 1923 Peace Dollars, Mint State 60 or Better, Only **$49.00**

(Limit: Five coins per order. Offer good only while this quantity remains.)



WE LIKE THIS SHEET!

. . . UNDERPRICED IN TODAY'S MARKET

In 1960, the United Nations issued a special souvenir sheet (Scott #85) in commemoration of its Fifteenth Anniversary. A total of one million sheets were issued of which *over 25%* were used on First Day Covers. Therefore, at the very most, less than three-quarters of these sheets remain in Mint, Never Hinged condition. In actuality, however, the years have undoubtedly taken their toll and the available worldwide supply of these sheets in choice condition is less.

At first glance, the printing figure of this souvenir sheet appears high. But in addition to the large number used on covers and those that have been damaged or destroyed, one also has to realize the demand for this sheet reaches into the far corners of the globe! Over 150 nations belong to the UN. Most, if not all, have stamp collectors. This means the potential demand for this souvenir sheet is truly universal. Yet, this sheet may still be obtained for what appears to be a drastically small price — just $9.50 each! But this may not always be the case.

The first United Nations souvenir sheet (Scott #38) now sells for at least $350 in Mint, Never Hinged condition. We have also noticed an increasing awareness by collectors and investors of this second souvenir sheet (Scott #85) — the sheet we are now offering! While we are not saying it too, will one day sell for $350, we do feel this second sheet does have a bright future. In fact, considering the vibrant health of the philatelic market, the price for this sheet may never be lower! NOW is the best time to add it to your collection or portfolio. And considering its price, you can't afford not to add several!

Order today while this sheet is still available for such a remarkably low price.

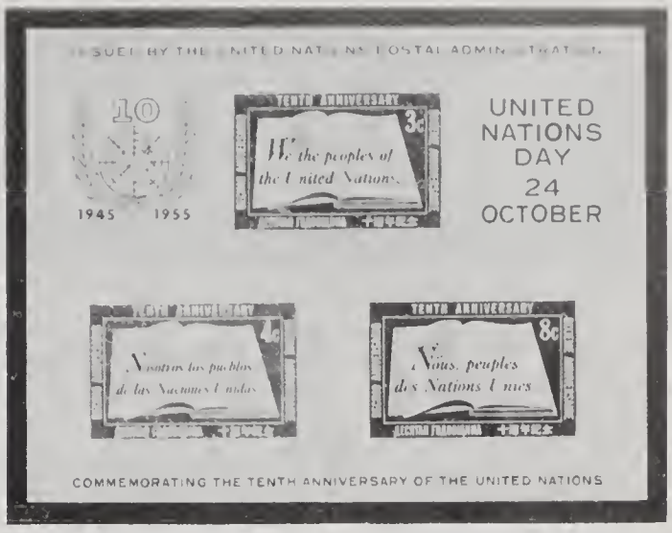
UNITED NATIONS KEY



The 1955 Tenth Anniversary Souvenir Sheet (Scott #38) is the key to the entire United Nations series. Only 250,000 total sheets were printed and many of those were used on first day covers. The actual number of fresh, mint copies available for today's serious collector and investor is actually much less.

After careful searching, Paramount has acquired a very limited number of this popular souvenir sheet in **Mint, Never Hinged** condition. Each sheet is as bright and choice as the day it was issued. And with the renewed interest in United Nations stamps, **NOW** is the time to add this desirable sheet to your collection. Our conservative grading standards guarantee you finer sheets cannot be found!

While our available supply remains, we are offering this scarce souvenir sheet for just $350 each. We suggest you order as soon as possible because its wholesale price is steadily increasing and we believe our supply will not last very long. Order today to be certain you receive your souvenir sheet *before* collector and investor interest becomes greater!

United Nations Souvenir Sheet, Scott #38, Mint, Never Hinged $350.00

P.S. Be certain to see the special offer on Scott #85 on the opposite page. This is the second souvenir sheet ever issued by the United Nations and on today's active philatelic market, it could be drastically underpriced!

TIME IS FLYING!

Do You Have These Dates In Your Silver Dollar Collection?

Silver dollar collecting has come a long way in the last decade as can be quickly deduced by comparing 10-15 year old price lists with the current market. In 1962, most silver dollars were worth only $1 and dealers sold uncirculated (Mint State) "common" dates for $1.10 to $1.25 each. Even at these prices, many collectors thought the coins were overpriced! Seems hard to believe, doesn't it?

The reasons for the current popularity of these coins are obvious.

1. They were the largest, regularly issued silver coins in the United States.
2. Their high silver content has attracted not only collectors but also those interested in the coins for their high silver content.
3. The rarity of these coins is evident. Although millions of silver dollars were minted, approximately half of all those produced were officially melted by the government prior to 1964. Additional millions, no doubt, have been lost or mutilated in the private sector.
4. Their romantic appeal serves as a reminder of the old "wild west" days in U.S. history.
5. Never again will there be a one dollar coin of this size which is composed of 90% silver.

Paramount has been *the* leading dealer of quality silver dollars for many years. We have sold many complete collections including all the major rarities in the Morgan and Peace series.

Below is a listing of dates available from one of the most historic silver dollar collections — the fabulous LaVere Redfield Collection! Paramount is pleased to have played such an important role in the distribution of this famous collection to collectors throughout the world.

Order with confidence. All dollars listed here carry Paramount's exclusive SIX-MONTH money back guarantee of satisfaction. We want you to conclude for yourself, in the comfort of your own home and without any pressure tactics, that Paramount really does offer the finest quality dollars for your money!

U.S. TRANSPORTS

Scott C25-C31

The market for United States airmail stamps has never been stronger. This includes the 1941-1944 "Transports". Today, this set is becoming one of the "blue chips" of the entire airmail series! The "key" stamp in this set is the fifty cent value (C31). As a matter of fact, the reason why we have not offered this set recently is because we were completely sold out of this stamp!

It took some time, but our buyers just acquired a small quantity of C31. And now, we are once again able to offer the popular Scott C25-C31 "Transport" airmail issue!

Now is the time to add this set to your collection. We currently have several in stock, all in fresh, never hinged condition. Place your order today for this popular item.

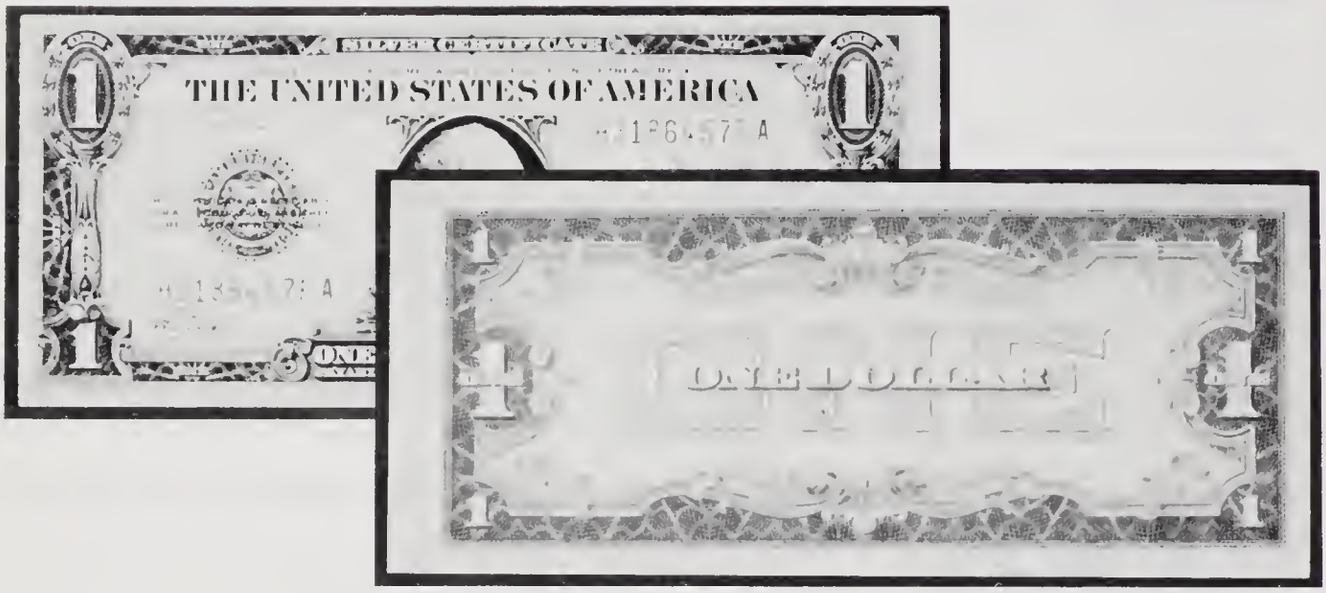
The First Small Size Silver Certificate



Our rare currency buyer recently returned from an extended buying trip with an outstanding find — several packs of the 1928 series (FR-1600) one dollar silver certificate. These packs are *original;* each contains one hundred crisp, brand new notes! They were part of a retired banker's estate and had laid virtually undisturbed for almost half a century. Every note in every pack is as fresh and bright as the day they were printed and represent the *very first* small size one dollar silver certificate type ever issued by the United States. And they are popular!

Just take a look at the note's ornately designed reverse. Silver certificates with this reverse haven't been commonly seen in circulation for forty years! And the bright blue Treasury Seal only adds to the note's beauty.

Because of the tremendous popularity of small size United States currency, we feel we could break each pack and easily sell these notes individually. But we also believe there are those who feel as we do — that the potential of United States currency is just now beginning to be appreciated and many collectors and investors want to get in on the ground floor. For these people, we have decided to keep these original one hundred note packs intact and are now offering them for one *low* price!

Turn to page 24 and you will see we are offering FR-1600 individually in UNC condition for $16. With one hundred notes per pack, we could receive $1600 a pack by selling the notes singularly. However, by offering the packs intact, we are able to slash the price you would normally have to pay. You may now save $105 when compared to their individual combined price by purchasing an original one hundred note pack for only $1495!

Remember, these packs are original, the notes have a beautiful seldom seen reverse and many people believe notes such as these are only now beginning to receive the attention they rightly deserve!

THIS OFFER MAY NOT BE REPEATED. Our supply is very limited and we may never again locate a similar supply. Order today to be certain of receiving one of these original packs. You will be glad you did, especially if United States currency continues to explode in popularity.

Nicholas Romanov's Golden Roubles

In Imperial Russia, one of the first acts of a new Czar was to order new coinage. Once the coins were struck and distributed, the Czar's position was forever etched in his subject's minds and in the history of his nation. Unfortunately for Nicholas Romanov, also known as Czar Nicholas II, his was to be the last Romanov face to grace Russian coinage. After the revolution in 1917, literally tons of gold coins bearing the Czar's portrait were removed from circulation and destroyed.

Perhaps it is the wholesale destruction of the gold coins of Nicholas II which makes them so popular with collectors. Perhaps it is the hefty gold content. But one fact is secure: The 5 and 10 Rouble gold coin sets of Nicholas II are always among our most popular offers.

Featuring Czar Nicholas II on the obverse and the Imperial Eagle on the reverse, the two gold coins grade Very Fine or better. Carefully matched to insure your complete satisfaction, each two coin set is delivered in a custom holder.

Do not hesitate in placing your order for this popular two-coin golden set. Own Nicholas Romanov's golden roubles at today's favorable price. Send for yours today.

Silver Type Sets From Russia and the Soviet Union

Set A — Russia, The Last Silver Coinage of Czar Nicholas II

This is an important six-piece all silver set because it numismatically represents the last silver coinage featuring the bust of a czar. The bearded bust of Nicholas II is featured on the two largest silver coins — the 50 kopecks and one rouble. All six coins carry the ornately designed two-headed crowned Imperial eagle. Included are these denominations:

Denomination	Silver Fineness	Diameter	Denomination	Silver Fineness	Diameter
5 Kopecks	.500	15 mm	20 Kopecks	.500	22 mm
10 Kopecks	.500	18 mm	50 Kopecks	.900	27 mm
15 Kopecks	.500	20 mm	One Rouble	.900	34 mm

This six-coin set is mounted in a custom plastic holder which allows easy display and offers maximum protection for these historic coins. The six coins will grade Fine or better.

Set A **$18.50**

Set B — U.S.S.R., Silver Coinage (1924-1931)

Set B covers the silver coinage of 1924-1931, and were the last silver coins issued for circulation. The 50 kopecks and one rouble feature an industrial worker, symbolic of the modern Soviet Union. The hammer and sickle dominate the reverse. Included in this five-coin silver set are:

Denomination	Silver Fineness	Diameter	Denomination	Silver Fineness	Diameter
10 Kopecks	.500	18 mm	50 Kopecks	.900	27 mm

PLAN AHEAD

You have probably already seen the above sign, or ones similar. Undoubtedly, it at least caused you to smile, and perhaps laugh. As long as it remains just a sign, it is harmless. Unfortunately, it all too well describes the "investment portfolios" of many stamp, coin, and currency investors. And when it does, it becomes no laughing matter.

Your financial future deserves sound planning. It requires knowledge of today's market. It also requires the vision to see what the market may be when you decide to sell,whether it is five, ten, or twenty years from now. This type of knowledge and vision is not easily obtained. It requires years of experience and dedication. It requires the professionals at Paramount.

Thousands have turned to Paramount for advice and guidance in the construction of their portfolios. They know that Paramount, the world's largest international coin dealer, is a leader in the Rare Coin, Stamp, and Currency industry. They know the dedicated *Paramount Professionals* include leading experts and are backed by years of experience. Paramount maintains one of the largest inventories of quality material imaginable. Paramount also has an outstanding library to enable our professionals to conduct the research so essential in today's counseling. It is only logical that so many people have chosen Paramount as the *one* dealer with whom they have trust and faith. And now, the *Paramount Professionals* would like to put their knowledge and experience to work for YOU!

We have available portfolios for **$1000, $2500, $5000, $10,000** and **$25,000.** Each is individually assembled, containing only *choice quality material.* None will contain damaged, or otherwise undesirable pieces. Further, the combined individual price of the items in any portfolio will be more than the single portfolio price. Simply decide whether you wish to obtain United States coins, stamps, or currency. Then, select and complete the appropriate order form on the following page.

A **United States Rare Coin** portfolio will contain an assortment of quality coins which may include half cents through $20 gold pieces. The minimum grade, except for gold, of any coin in any lot will be Mint State 60. The minimum grade of any gold coin will be EF-45. Proof coins may also be included in some portfolios.

Each **Rare Stamp** portfolio will contain mint or unused stamps, generally those before 1930. Plate proofs, special deliveries, airmails, and similar United States issues may be included. It must be stressed that only choice quality stamps will be used to form each portfolio.

Every **United States Paper Money** portfolio will contain only crisp, Uncirculated notes. Depending upon which portfolio is chosen, you will receive early Charter notes, large size notes, or early small size notes. Multiples may be included.

If you have any preference as to how you would like *your* portfolio structured, please let us know. If possible, we will arrange your portfolio to meet your request. But no matter which portfolio you choose, we are certain you will be pleased.

(Naturally, we cannot guarantee the performance of any portfolio. A minimum holding period of five years is recommended.)

Own the Second Lowest Mintage Peace Dollar

The 1927 Peace dollar has the second lowest mintage in the entire Peace dollar series. Its mintage of 848,000 is lower than such scarcities as the 1921, 1924-S, 1927-D and 1934-S. Yet, the 1927 can still be obtained for a remarkably low price!

We were recently offered a number of mint state 1927 Peace dollars by a midwest dealer. From this group, our rare coin experts selected a small quantity (20 pieces) of lustrous Mint State 60+ specimens. These coins are definitely superior to the majority of 1927 dollars encountered. In fact, we have seen inferior specimens offered elsewhere as MS-65! Doesn't it then make sense to deal with Paramount, the one firm who has sold more mint state silver dollars to collectors than any other dealer? Our conservative grading assures your *complete* satisfaction!

The entire Peace dollar series is increasing in value. The 1927, with its low mintage, is certain to draw the attention of collectors and investors as the hunt for "sleepers" increases. **NOW** is the time to add this coin to your collection! To receive *your* MS-60+ 1927 Peace dollar, order today.

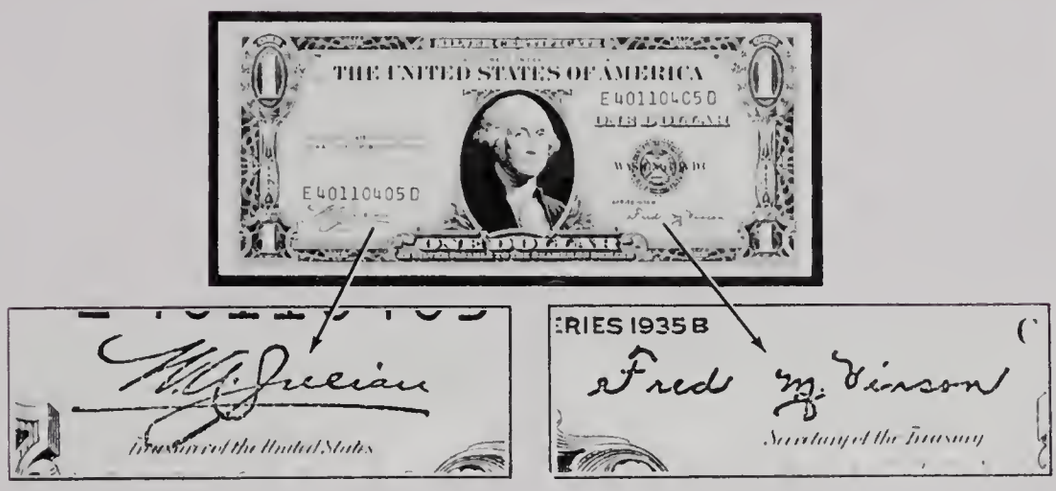
Julian-Vinson
Two Names to Remember



One of the scarcest and most popular of all signature combinations found on small size United States currency are the signatures of the Treasurer of the U.S., *W.A. Julian* and Secretary of the Treasury *Fred M. Vinson*. The mere mention of their names is certain to command the immediate attention of even the most advanced collectors. And no wonder! Notes with their signatures are often one of the "keys" to that series. For example, an Uncirculated 1934-B series Ten Dollar silver certificate with their signatures sells in excess of $800. But *you* can own a crisp uncirculated *Julian-Vinson* silver certificate at a price guaranteed to fit any budget!

In the just released Ninth Edition of *Paper Money of the United States* by Robert Friedberg, the 1935-B series One Dollar silver certificate with the *Julian-Vinson* signature combination catalogues in UNC for $15. But Paramount is fortunate to have a small quantity of this popular note in stock and we are making them immediately available for only $12.50 each. *That's more than 16% off its catalogue value!*

With such choice notes available, **NOW** is the time to add one to your collection. The time may never be better because the entire market for small size United States currency is now beginning to receive a great deal of attention. Notes in choice condition, like those we are offering, are among the most popular. And when these notes have the desirable *Julian-Vinson* signatures, the demand is even greater!

Order your One Dollar silver certificate with the popular *Julian-Vinson* signature combination today.

U.S. Type Gold — Individual Pieces

The most popular way to collect U.S. gold coins is to assemble a Type Set. A Type Set includes a representative example of each major design and denomination. Thus, a Type Set of Double Eagles ($20 gold pieces) will contain only two coins: A Liberty Head and a Saint-Gaudens.

The price of gold has been in the news recently and many new collectors have found that Paramount offers the widest range of grades and prices for gold coins in the numismatic world. This is only natural, as Paramount's multimillion dollar inventory and unsurpassed reputation for accurate grading and fair prices are well known to experienced collectors! When you shop at Paramount for gold coins, your satisfaction is guaranteed!

When ordering a Type coin from the list below, dates will be of our choice. If you are searching for a specific date, please write or call for prices and availability. Our Rare Coin experts are waiting to serve you.

The Kennedy Collection — Now is the time!

Now that Congress has approved the smaller Susan B. Anthony dollar, many numismatists believe the next coinage reform will center on the Kennedy half dollar. In fact, many are certain this denomination will be *completely eliminated!* If that happens, just imagine the sudden strong demand for this coin! You have already seen what this demand has done to the Eisenhower dollar — the price for the complete set has been pushed higher and higher with each passing month. The Kennedy half dollar set may equally be affected. Obtain your complete 32-piece Kennedy collection NOW while it is still available!

The Kennedy half dollar has only been issued for just a few short years. Yet in that short time, it has experienced frequent change. For example, in 1964, the Kennedy half dollar was composed of 90% silver. The following year, its silver content was reduced to 40%, and finally in 1971, all silver was removed. In addition, the design of the Kennedy half dollar was changed for two years in celebration of the Bicentennial.

With its possible elimination in sight, now may be a good time to give serious consideration to the Kennedy half dollar. We currently have several thirty-two piece Kennedy coin sets available for just $125 each. These sets are mounted in a deluxe bookshelf style album and will include a mint state example of every half dollar issued for circulation from 1964 through 1978. Also included will be ten popular *proof-only* San Francisco issues dated from 1968 through 1978. Further, each set will contain the scarcest of all Kennedy half dollars — the silver 1970-D! This coin was originally available only as part of the 1970 mint set, and like the proof-only issues, *none were released for circulation!*

Its elimination could easily create a strong demand for the Kennedy half dollar. Don't wait until this happens! Place your order for this attractive set *today*.

A World Favorite

One of the most popular fields of world coin collecting is the coinage of countries which no longer exist. There are many such countries: Bohemia, Croatia and Montenegro are just three examples. But among collectors, perhaps one of the best known and most popular is LATVIA.

Latvia, now part of the Soviet Union, borders the Baltic Sea in northeastern Europe. It was an autonomous country during the 1920's and 1930's, and produced several coins of outstanding beauty. These extremely attractive coins are a favorite among world coin collectors and are eagerly acquired whenever located.

We have acquired a small quantity of all three denominations of Latvian silver coins — the only silver coins ever issued by the Baltic country — and offer them here. Each set is packaged in a specially designed custom hard plastic holder. The three attractive silver type coins included in this set are:

- **1 Lats (23 mm), issued for one year**
- **2 Lati (26 mm), issued for two years**
- **5 Lati (36 mm), issued for three years**

All three coins will grade *Very Fine* or better and feature the Latvian Coat of Arms. The obverse of the 5 Lati coin shows the profile of a young female, symbolic of Latvia. The reverse of the other two coins shows the date and denomination surrounded by a wreath. Each coin in this set will be at least forty-five years old.

Who knows how many silver Latvian coins are left for today's collector? Probably not very many have survived the Second World War or the melting pot. And the original mintages were already unusually small to begin with! For these reasons, we know you would like to add this historic silver set to your collection. Order your set — *today!* Our supply is *very limited.*

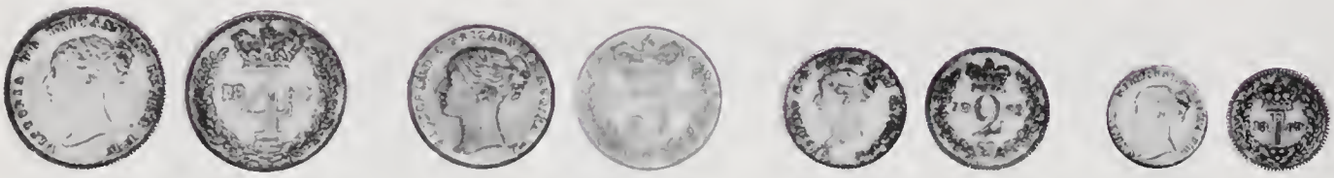
Now You May Own A Gift Of Royalty!



Each year as an act of Royal charity, the British King or Queen distributes a special limited mintage four-coin silver set to a select group of royal subjects. Known as Maundy sets (because they are given on the religious holiday of Maundy Thursday), each set contains a silver 1, 2, 3, and 4 penny piece.

Mintages of Maundy sets are *always* quite low, often just four or five thousand. Because of this, and the centuries of English tradition behind the Maundy ceremony, these sets are extremely popular with collectors the world over.

Some of the most popular of all Maundy sets are those featuring the portrait of Queen Victoria. Because of her long reign (over sixty years), Maundy sets of Victoria come with either a Young Head (1838-1887), Jubilee Head (1888-1892), or Old Head design (1893-1901). Now, Paramount is pleased to offer you the opportunity to acquire a beautiful mint state four-piece Maundy set of what is considered to be the most popular of all three Victoria designs — the beautiful Young Head portrait!

Just look at the photos accompanying this offer and you can immediately see the classical grace of the Young Head design. Its elegance has endured for over 100 years!

We currently have twelve different MS-60 Victoria Young Head Maundy sets in stock. The largest mintage of *any* is just 4,488! In view of their mintage, popularity, and beauty, our price of just $82.50 already seems remarkable. But now you may save an additional $10 by purchasing two of these lovely silver Maundy sets for just $155!

1936 Robinson

— Arkansas Commemorative

- **Just 25,265 Minted**
- **Mint State 65**
- **Limited Quantity Available**
- **Only $105 each**

The 1936 Robinson-Arkansas commemorative half dollar was issued as part of the one hundredth anniversary of the admission of the State of Arkansas into the Union. The obverse features the bust of Arkansas' United States Senator Joseph T. Robinson. The reverse is identical to that found on the Arkansas commemorative half dollar (1935-1939).

This coin is interesting to numismatists as it is one of the few U.S. coins to feature a living person. At the time it was issued, Senator Robinson was majority leader in the Senate and was responsible for getting many of Franklin Roosevelt's New Deal measures passed.

Just twenty (one roll) Robinson-Arkansas commemoratives are available. This is a very small number when considering this *Collector* is being mailed to thousands of potential customers! Order today to be certain of receiving *your* specimen of this attractive coin.

1936 Robinson-Arkansas Commemorative Half Dollar, Mint State 65 ..... $105.00
